

To discover and share knowledge
about plants and their environment
in order to preserve and enrich life.
—mission of the Missouri Botanical Garden

Founded in 1859 by Henry Shaw, the Missouri Botanical Garden is the one of the oldest botanical gardens in continuous operation in the United States and one of the few gardens to achieve National Historic Landmark status. An oasis of great beauty in the city, the Garden is also a place of research, conservation, and learning.

Shop

Garden Gate Shop | (314) 577-5137

gardengateshop.org

Fine gifts and collectibles, plants, garden accessories, and more. Proceeds benefit the Garden.

William T. Kemper Center for Home Gardening

9 a.m.–5 p.m. daily. 23 display gardens, horitculture staff, Master Gardeners, and a Horticulture Answer Service provide a wealth of information for the home gardener.

Accessibility: To ensure a more welcoming and engaging experience for all of our visitors, we provide wheelchairs on a first-come, first-served basis in the Visitor Center with picture ID. Strollers and motorized scooters are also available for rent. Visit mobot.org/accessibility or call (314) 577-5101 for more information.

On-grounds Emergencies: In the case of a life-threatening emergency, call 911. For all other on-grounds emergencies, call Security (314) 577-0212.

*** For admission information and current operating hours for all buildings, please visit mobot.org.**

Research at the Garden

The Missouri Botanical Garden is one of the world's top botanical research and conservation institutions. The Garden's dozens of Ph.D. researchers work to strengthen scientific expertise around the world and right here at home to study, protect, and manage biodiversity before it's too late.
